

## THINGS YOU SHOULD KNOW Villa 1 Lower...

**PLEASE READ** *The following important information. It is proved to assist you in having a safe and relaxing vacation.*

If the upstairs unit is rented, PLEASE respect their privacy and do not go upstairs. If no one is staying there, go ahead **Enjoy** and use the rooftop sundeck. You can usually find a nice breeze. It is great for watching the ocean and viewing the stars at night. Be extra careful of the spiral stairs to the top, some of the steps are not the same size and you could trip if you are not careful. Again, tile can be slippery when wet. When you go to the very top - *Please stay on the flat section only!* The light switch for the upstairs sun deck is at the bottom of the spiral stairs. Make sure you turn off the lights when you come back down.

**Internet** - In addition to all the networks we have available, my good friend owns the home next door and he indicated that we could share with our guests his internet in case ours goes down. The password to get on his internet is ccccccccc (small "c" 10 times)

**Stereo/TV/DVD** - The stereo plays DVD's, CD's, and has a FM tuner. Please DO NOT re-wire our electronic equipment! If you are having problems, or something is not working, contact us.

**Rooftop Swimming Pool** Go down a few homes to Villa 2 and Villa 3. Use the stairs that are located between the two homes for access to the roof.

**Washer/Dryer** - we also provide a washer and dryer for your use. They are located in the common area under the stairs of Villa 2. Use the dryer only on cloudy or rainy days. Clothes dryers are somewhat rare, because the sun and wind dry things very rapidly. We have installed a clothesline reel that is mounted right outside the north side on the oceanfront balcony. We have installed hooks at different locations and inside the shower. They are perfect for hanging up a wet swimming suit, or wet towels. There should be an iron and ironing board in a bedroom.

**Hot Water Switch Location** - corner of patio outside kitchen door to right, facing beach

**To Play Your Music Device** - You will need a USB-to-MP3/music device cable to hook your device up to ours
