

General Move-In Information

Check in time is any time after 3 PM. You will find the front door has a touch pad deadbolt. **You will get the door code, directions, who to contact, and final move in information when you make your reservation.** PLEASE TAKE ALL THIS INFORMATION WITH YOU WHEN YOU TRAVEL.

Check out is by 10 AM on the day of departure. If you have any questions, or if you need early check in or late check out, please contact us. We try to be accommodating, but during busy season it is sometimes not possible.

Our units are fully equipped so there is very little you need to bring. It is the tropics, so bring your suntan lotion and sunglasses, but do not worry, if you do forget anything, it can be purchased locally, or on a short trip away in Mayaguez at Kmart, Wal-Mart etc.

Last, and far from least, bring a positive attitude to have a good time! Traveling can be stressful and things are slower paced down here. There is a "manana" attitude (put it off until tomorrow). Things do not always work the same as in the states, but just relax and everything seems to always work out ok... Chill, Relax, enjoy, and take things as they come. We look forward to your visit. Have a safe trip, and thank you for your business, and we hope you enjoy your stay with us. Please call if you have any additional questions or if we can be of further service.

Thank you again for choosing Sunset Paradise Villas
